

PROJECT FACT SHEET
February 8, 2007

PROJECT: Secord and Smallwood Lakes, Gladwin County, Michigan

DESCRIPTION: Secord and Smallwood Lakes are long, narrow, man-made lakes formed from the damming of the Tittabawassee River in Secord Township, Michigan. Over the lakes' history, these aquatic ecosystems supported a diverse, robust native aquatic population with a varied shoreline and shallow-water habitat. The invasive Eurasian Water milfoil has changed the habitat of the lakes since 1994 and has degraded water quality and the habitat for fish and native plants. The project proposes methods to control the milfoil and restore the aquatic habitat for fish and native plants. The milfoil will be removed using chemical, biological, and mechanical means.

CONGRESSIONAL INTEREST: Stupak (D) MI-1; MI Senators Levin (D) and Stabenow (D)

LOCATION MAP & PICTURE:

NON-FEDERAL PROJECT SPONSOR: Secord Township Board, Gladwin County, Michigan (POC: Patrick Dean, 989-426-7445).

PROJECT AUTHORITY: Section 206 of the Water Resources Development Act of 1996, as amended

FUNDING:

	<u>Total</u>	<u>Federal</u>	<u>Non-Federal</u>
Current Working Estimate	\$1,080,000	\$1,080,000	\$ 378,000
Funds allocated prior to FY07	\$ 18,300	\$ 18,300	\$ 0
Funds allocated in FY07	\$ 0	\$ 0	\$ 0
FY08 Budget	\$ 0	\$ 0	\$ 0
Funds that could be used in FY08	\$ 75,000	\$ 75,000	\$ 0
Funds required to complete (> FY08)	TBD	TBD	TBD

STAGE: Projection Initiation

STATUS: Feasibility Phase will continue in FY08 if funds are received and scheduled for completion in FY09 culminating in a Detailed Project Report.
